	History and Geography.	Latin Reviews.

Besides the work as laid out in the courses, English Compositions and Declamations are required of students in all departments. The Seniors will be required to prepare two original declamations.

The courses have been carefully arranged, and every student will find it to their advantage to select a course and, in their work, follow it as closely as possible.

The academy has a complete business college outfit, comprising merchandise cards, currency, and office equipments for whole-sale, commission, and freight offices, post-office, bank and commercial exchange. All notes, drafts, checks, bill-heads, telegraph blanks, etc., are printed forms such as are used in actual business. Pens, ink, and all stationery, except blanks for accounts, are furnished free to those taking the commercial course.

# STUDENTS.

## Seniors.

Bartlett, Clyde I.  
Chapman, Mary C.

 Sweatt, Chester H.  
 Wight, George K.  
 Wight, J. W.  
 Wiley, Howard.  
 Wiley, Mellen C.

### Music and Art.

Instruction in vocal music will be in charge of Professor Wight. He has had a long experience in teaching music, and systematic instruction will be given without extra charge to the students.

To those who wish to take private lessons in vocal or instrumental music excellent opportunities are offered and arrangements will be made for any who wish to pursue this work. Good opportunities are afforded to those who wish to take drawing or painting.

### Building and Location.

The academy building is new and commodious, and everything is arranged as much as possible for the comfort and convenience of the students. It is situated in one of the most beautiful and healthful villages in Maine, on the line of the Grand Trunk Railway. Through the kindness of the Bethel Water Company, the building is supplied with pure water.

### **The Library and Reading-Room**

Is open during the whole day. The library is well supplied with books of reference, also standard works of literature, history, and biography. The reading-room is supplied with daily and weekly papers, educational journals, and the standard monthly magazines. The cabinet contains one of the best collections of minerals and fossils to be found in any school of the State. These have been arranged and catalogued, making them a valuable aid in the practical study of Geology and Mineralogy.

### **The Natural History**

Cabinet has a fine assortment of eggs (775 specimens), collected from all parts of the world. It has been loaned to the academy for ten years by Mrs. Jacob Horton.

There is also Physical and Chemical Apparatus, Globes, Charts, Yaggy's Anatomical Study, etc.

### **General Regulations.**

It is quite important that the students should be present at the very first of the term, and also that they should not be absent from any exercise. If any lesson is lost, the work must be made up in a satisfactory manner to the teacher to whom the class recites. The use of tobacco is positively forbidden.

Study hours begin at 7.30 in the evening, except Friday and Saturday evenings, and students are expected to be in their rooms after that time.

### **Expenses.**

Tuition, Common English, \$6.00 per term. Higher English and Languages, \$7.00 per term, or \$4.00 per half term. Bills are payable at the middle of the term. No deduction for less than one-half term.

### **Board and Rooms.**

Good board can be had at rates from \$2.50 to \$4.00 per week. Rooms can be secured at reasonable rates for those who wish to board themselves. For further information, address the Secretary or Principal, Bethel, Me.
